## ABOUT US!

The profound knowledge of our M.D. Mr. Vishvanath Attavar in the electrical panel manufacturing segment has enabled our organization to expand from a small workshop in 1990 to our present infrastructure of nearly 175,000 sq ft. manufacturing facilities that are spread over 3 locations and pan India Sales & Service Network. VIVID has gained expertise and specialized in production of LV & HT Switchboards.

Our factories situated at MIDC in Navi Mumbai are equipped with latest machinery and testing equipment's. All facilities required to manufacture panels are under one roof. All processes like Fabrication, Tank Pre Treatment, Powder/Liquid coating, PU Gasketing, Assembling, Wiring and Testing are carried out inhouse.

Experienced and dedicated team of Engineers, incorporation of latest technologies, stringent quality control, timely deliveries are the major reasons that have contributed to our success. VEPL is a group which believes in long term relationships, transparency and responsiveness. Having customers and vendors constantly with us for more than three decades is a testimony of our beliefs.

## MILESTONES IN MOTION: THE DYNAMIC JOURNEY OF VEPL

# OUR TEAM
